2021-2022 Quarantine Decision Tree for TK-12 School Settings

**COVID-POSITIVE PERSON IN TK-12 SETTING**

Was anyone within 0-6 ft of the positive case for >15 min over a 24-hr period?

---

1. **Symptomatic or not fully vaccinated**, test for COVID-19 immediately.
   - If test is negative, test again on Day 5 after last exposure and follow quarantine instructions in chart. Monitor for symptoms and follow recommended interventions (distancing, face coverings, handwashing) for a full 14 days.

2. **Test on Day 5 from last exposure (regardless of vaccination status).**
   - If test is negative, follow quarantine instructions in chart. Monitor for symptoms and follow recommended interventions (distancing, face coverings, handwashing) for a full 14 days; if symptoms develop, isolate and test for COVID immediately.

3. **Modified quarantine only**: If test taken on or after Day 5 from last exposure is negative, student may resume extracurricular activities on Day 8.

   **Anytime** a test is positive (regardless of vaccination status), isolate at home for at least 10 days after the first symptoms started (or date positive test collected) and at least 24 hours after resolution of fever and other symptoms improve.

---

**IS THE EXPOSED PERSON A STUDENT?**

**NO, ADULT**

Is the exposed adult fully vaccinated?

- **NO**
  - Exclude from campus for a full 10 days (no modification).
