

WE'RE PROTECTING OUR CUSTOMERS FROM COVID-19

In response to Public Health direction, we:

Screen employees daily for fever, cough, and shortness of breath.

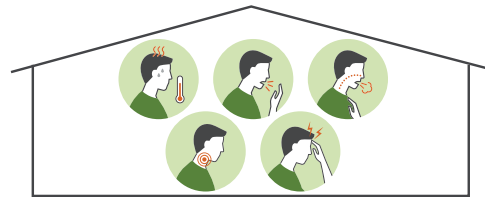

Require employees to wear face coverings at all times during work shifts.

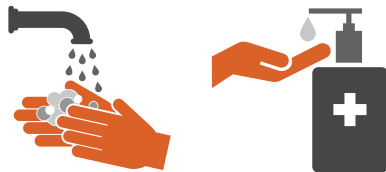

Clean and sanitize surfaces frequently.

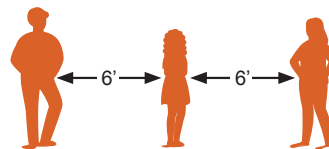

Ensure sick employees stay home.

Make hand washing and hand sanitizer available.

Limit the number of people entering our facility/store to maintain 6-feet of distance from others.

Limits goods selling out quickly per person to reduce crowds and lines.

Please help in protecting our community:

- Avoid entering the facility if you have a cough or fever.
- Keep social distance while in the store. Maintain a minimum six-foot distance from one another.
- Sneeze/cough into your elbow.
- Avoid unnecessary physical contact, including handshakes.

Posting this sign does not replace the County requirement to post your full social distancing protocol.
